Education

Midnapore College

Bachelor of Science in Computer Science (CGPA: 7.21 / 10.00)

2018 – 2021

Midnapore, West Bengal

Experience

Infosys

Senior Systems Associate

Feb 2022 – Present

Bhubneshwar, Odisha

- Developed and implemented VB scripts automating manual processes, resulting in a **40%** reduction in errors and saving **15+** hours per week.
- Identify documents, report, manage defects, issues found during testing using **ServiceNow** and **Jira**.
- Conducted **regression testing** verifies recent code changes, ensuring they didn't introduce defects or harm existing functionality.
- Implemented cloud-based testing achieving a **40%** reduction in testing time and increased test coverage by **25%** through scalable and collaborative processes.

Skills

Languages: Java, HTML, CSS, VB Script, SQL

Framework: Github, Git, Automation, Shell, React, SAP, Jira, ServiceNow, MS Office, Selenium

Concepts: Agile Methodology, Cloud Computing

Cloud (AWS) : IAM, EC2, Cloud Watch, Auto Scaling, Load Balancer, SNS, Security Groups, VPC

Soft Skills: Analysis & Consulting, Problem Solving, Time Management

Projects

Personal Portfolio | *HTML5, CSS, React, Bootstrap 5, Figma, Cloudflare*

- Created a **React**-based personal portfolio showcasing my skills and interactive design.
- Revamped **UI** design process by implementing **Figma** as the primary design tool & reduced handoff time by **50%**.
- Streamlined website loading times by optimizing code, resulting in a **40%** decrease in bounce rate and an **18%** increase in average session duration.

Achievements

- Achieved **2** well-deserved promotions within a span of **12 months** demonstrating exceptional performance and consistent contributions to project success.
- Received positive feedback from clients for maintaining high quality standards and delivering projects on time.
- Analyzed and resolved critical issues related to servers, ensuring seamless continuity of testing activities and minimizing project downtime by **16%**.
- Demonstrated expertise in managing scripts within Jira, streamlining the tracking and execution of **100%** test cases.

Participation

- Submitted **10+** pull requests to **GitHub** in October as part of the completion of the **Hacktoberfest 2023** challenge by Digital Ocean.
